

Fusto: struttura in legno multistrati.

Imbottitura seduta: cuscini in poliuretano espanso densità 35 Kg/mc.

Imbottitura schienale: cuscini in poliuretano espanso indeformabile.

Poggiatesta: regolabile a piacere grazie ad un cricchetto meccanico manuale.

Piede di serie: basamento sottobraccio in metallo cromato lucido come foto.

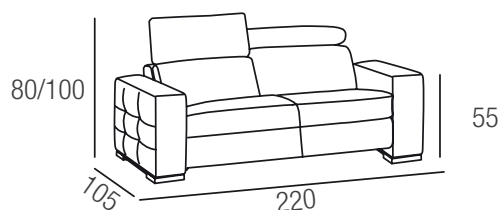

Rivestimento: non sfoderabile.

Versione letto: non realizzabile.

Meccanismo movimento relax: il meccanismo è elettrocomandato basculante è possibile fornirlo su ogni seduta con adiacente bracciolo. Le funzioni sono infatti attivabili da due semplici bottoni posti sul lato interno del bracciolo che deve essere collegato alla corrente elettrica. In caso di necessità (es. centro stanza, mancanza di presa elettrica disponibile, ecc.) è possibile predisporre una **BATTERIA AL LITIO INDIPENDENTE** per ciascun meccanismo al prezzo di euro 250,00 per ciascun relax.

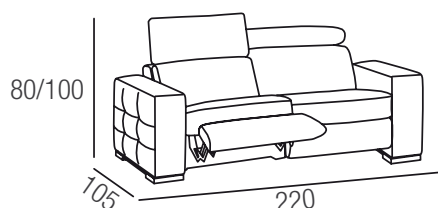

Logistica trasporto: per agevolare il trasporto, i divani con relax sono divisi in 2 parti collegabili.
